

Vscode 安裝教學

A large, irregular green watercolor splash is centered on a white background. The splash has a textured, painterly appearance with various shades of green and some darker spots. The word "Windows" is written in a clean, white, sans-serif font, centered within the green area.

安裝Clang

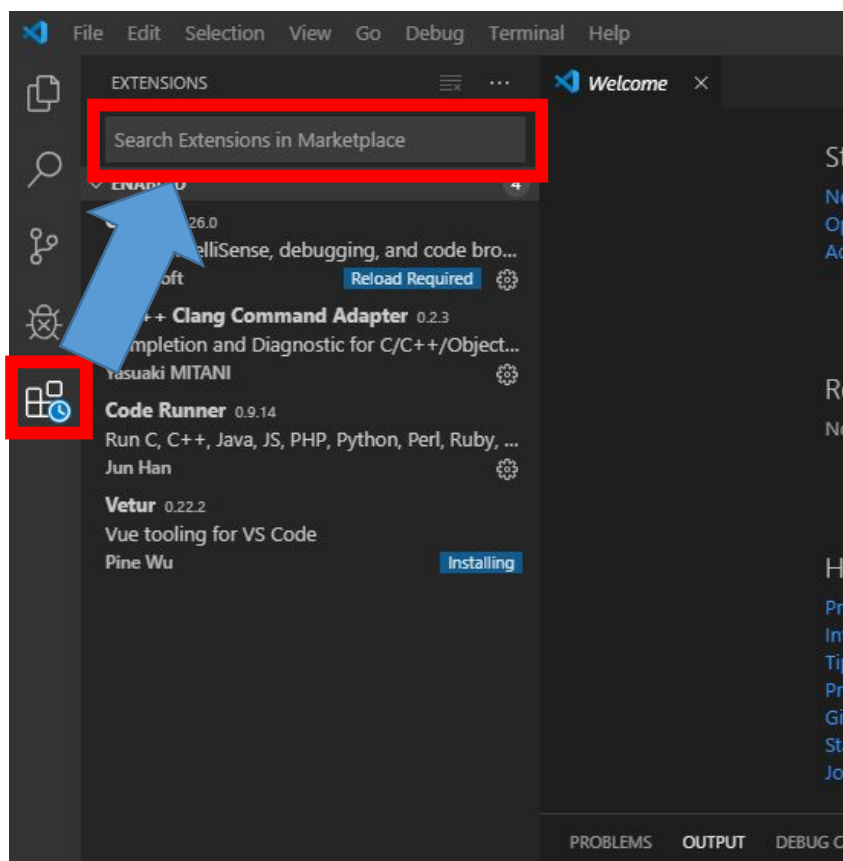

- 下載
https://drive.google.com/file/d/13zviwWdTm_gOEap-H_AWZTDIyIt0jjF/view?usp=sharing
- 將下載檔移動到LLVM

• 解壓縮，並取代

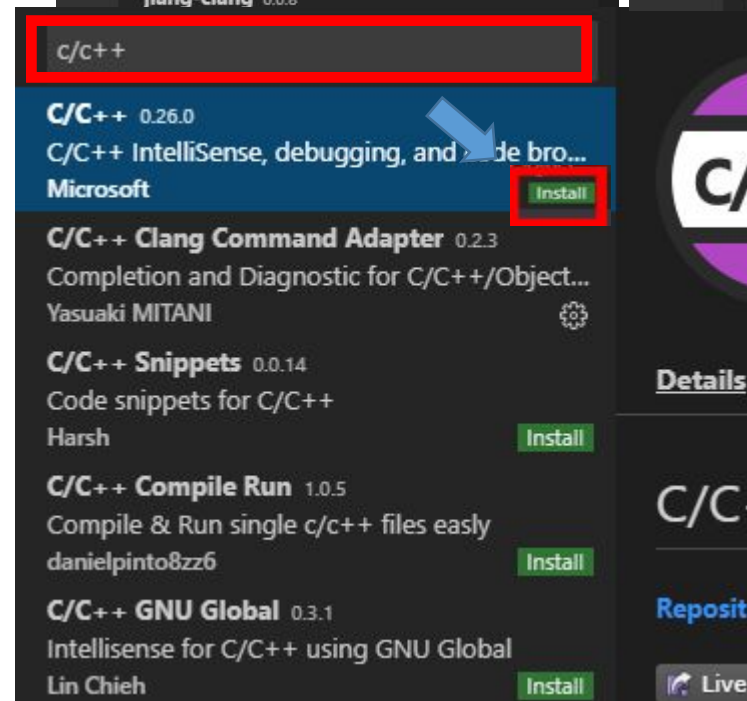

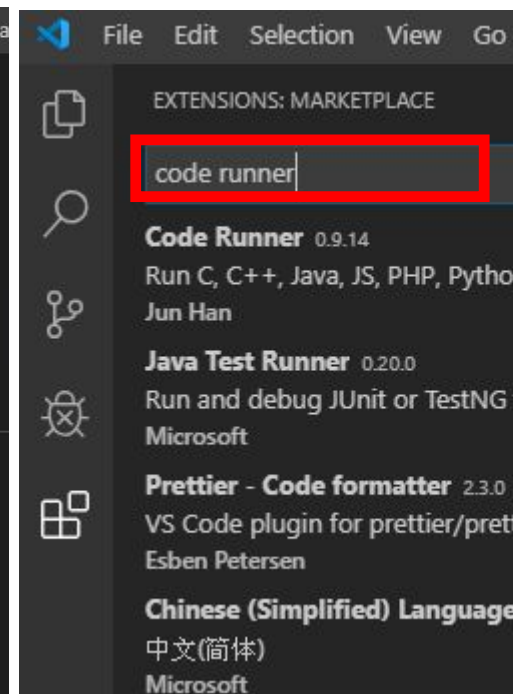

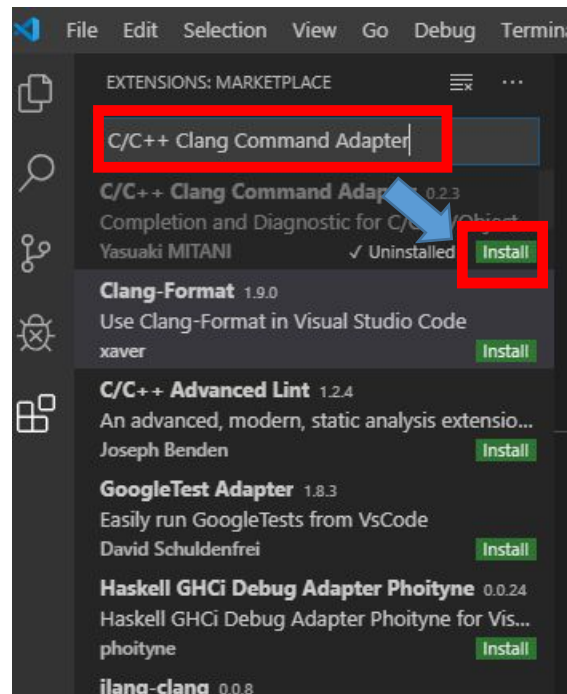

安裝vscode內部套件

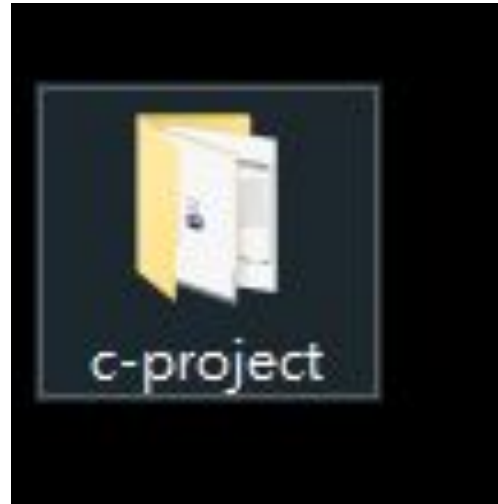

- 打開Visual Studio Code

安裝下列3樣東西

1. C/C++ Clang Command Adapter
2. Code Runner
3. C/C++

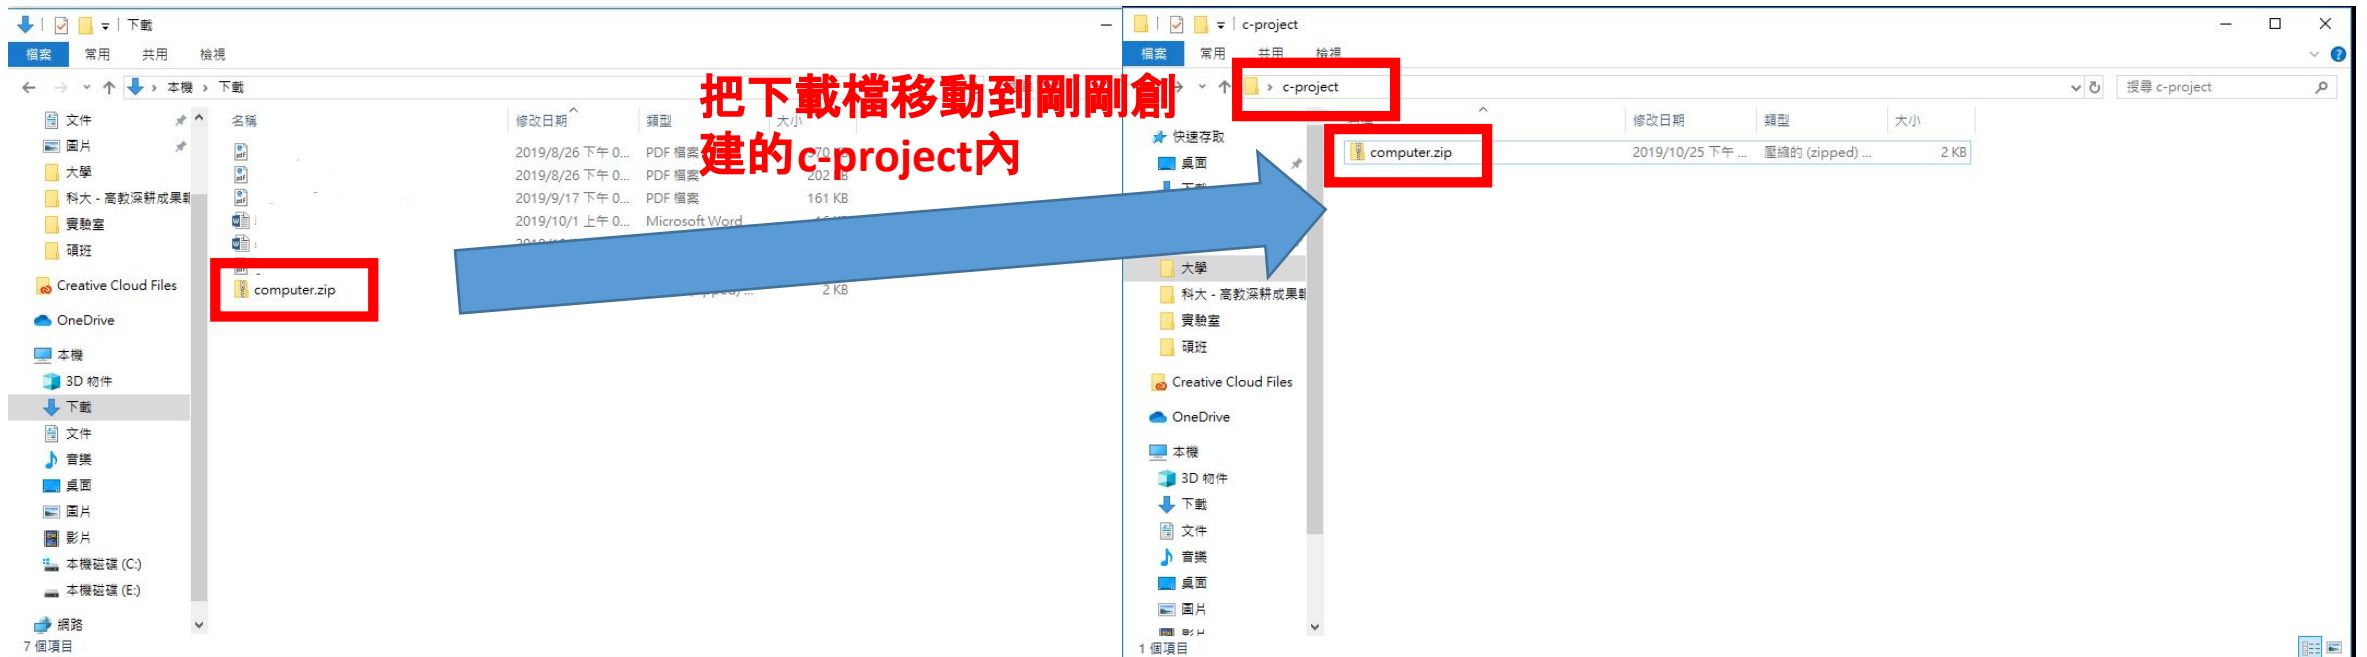

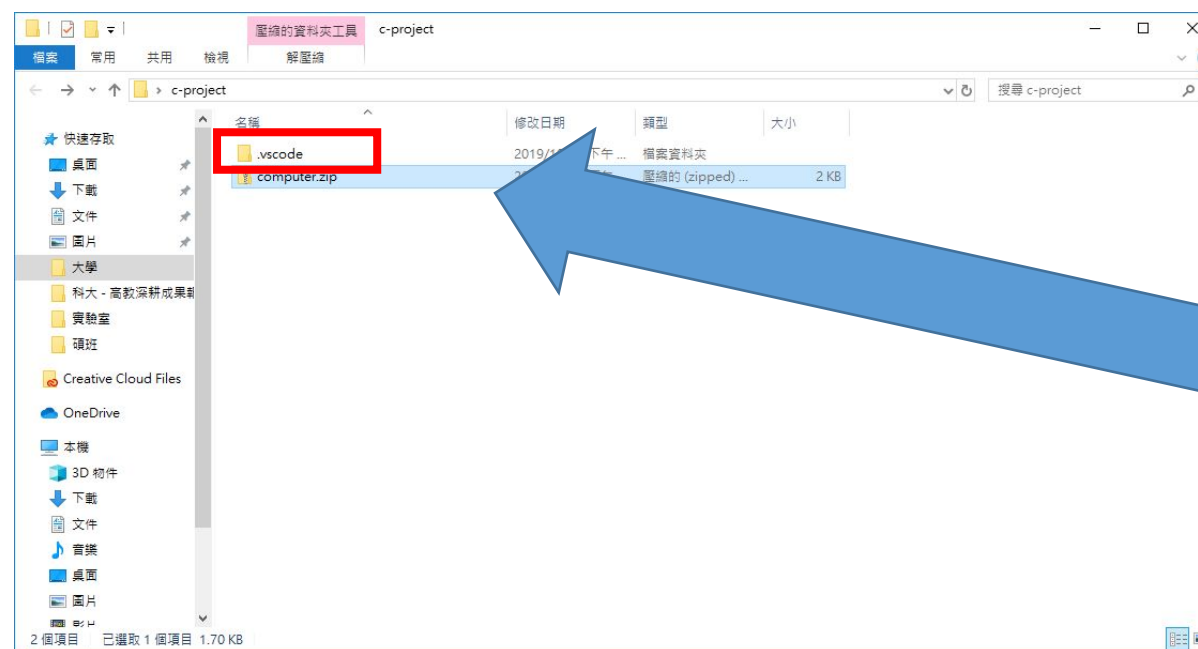

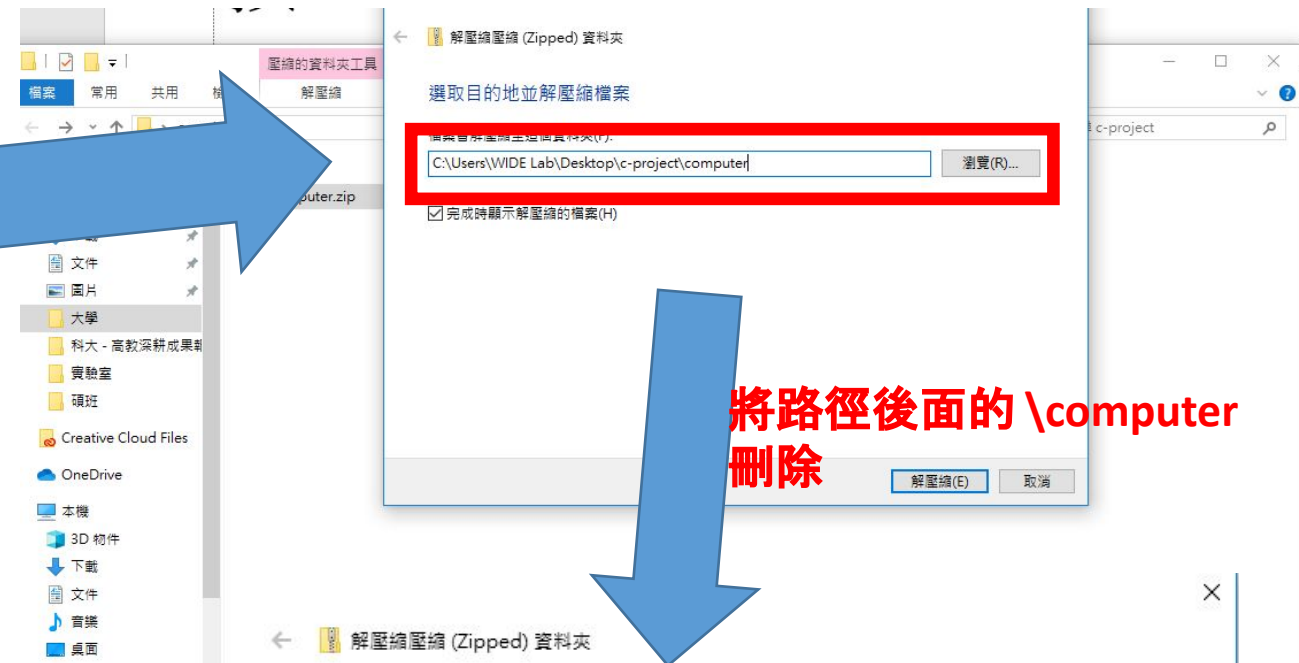

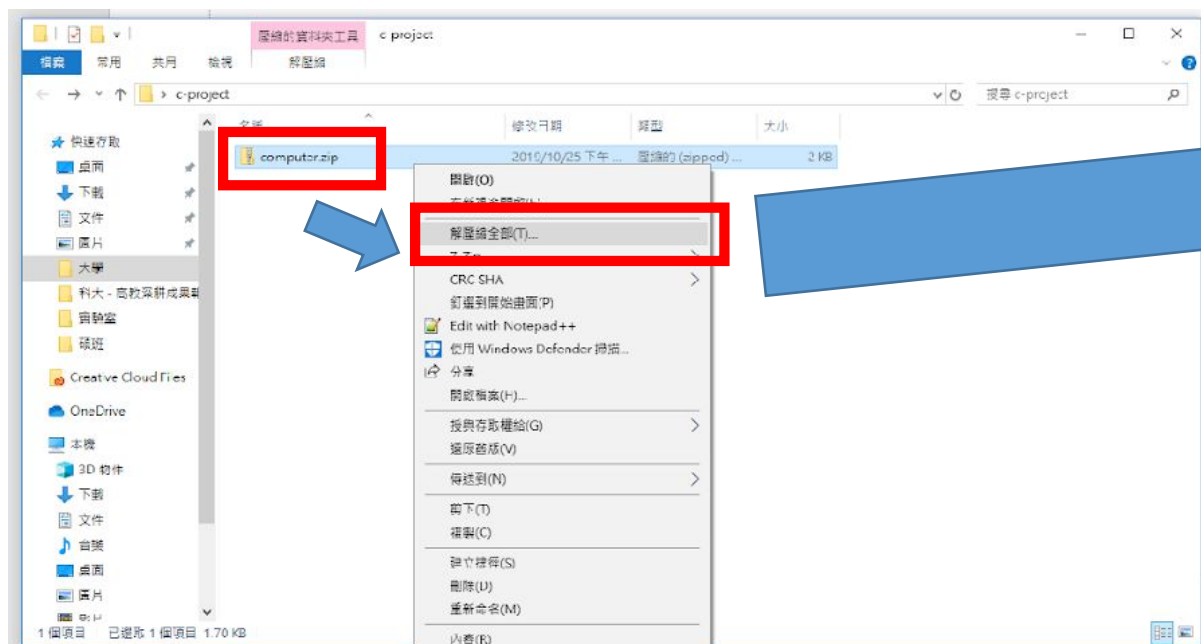

在桌面創一個資料夾，名稱叫 c-project

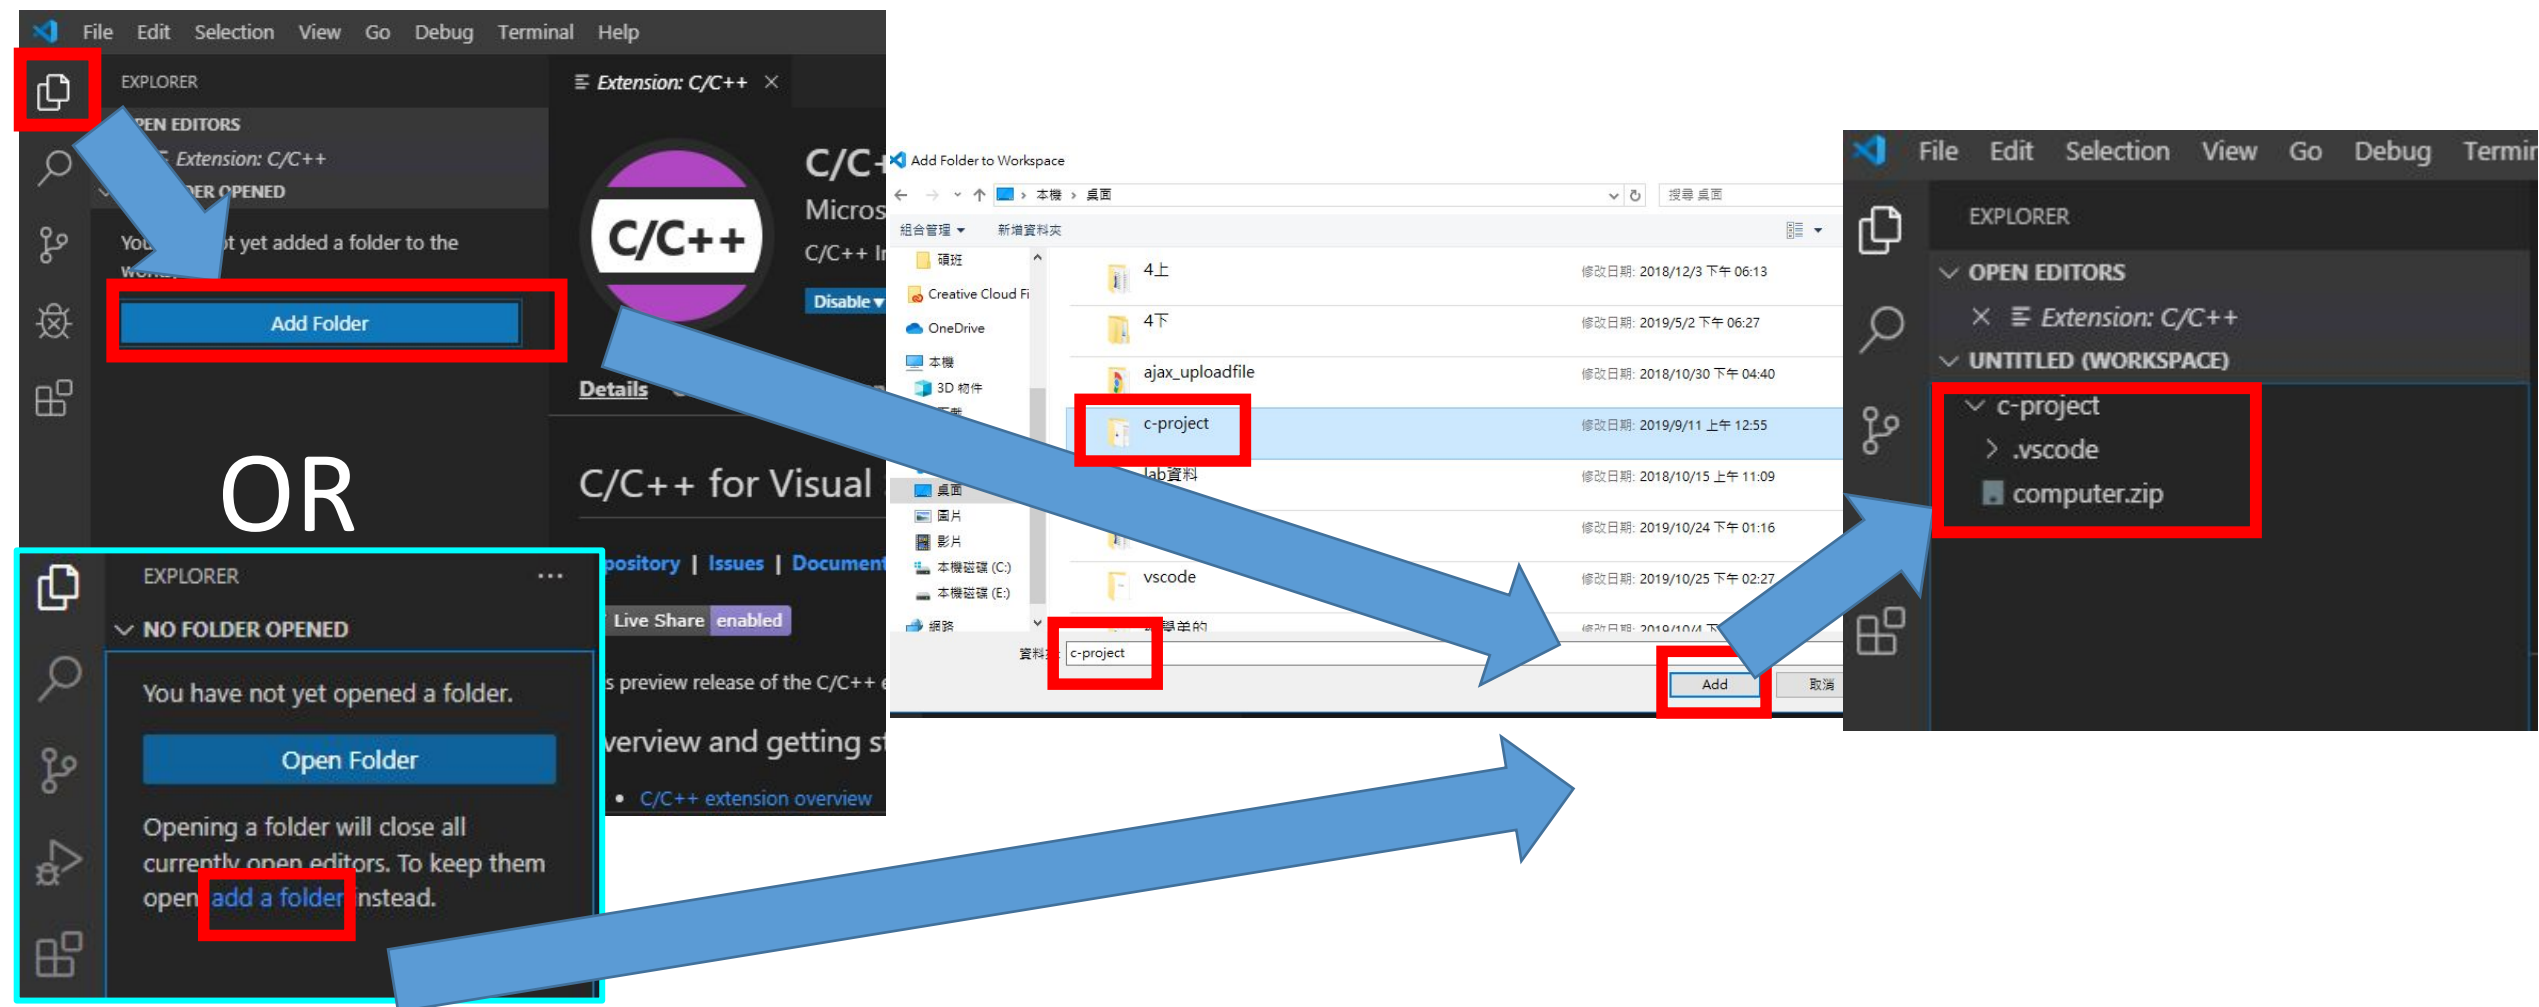

下載檔案將他移動到 c-project

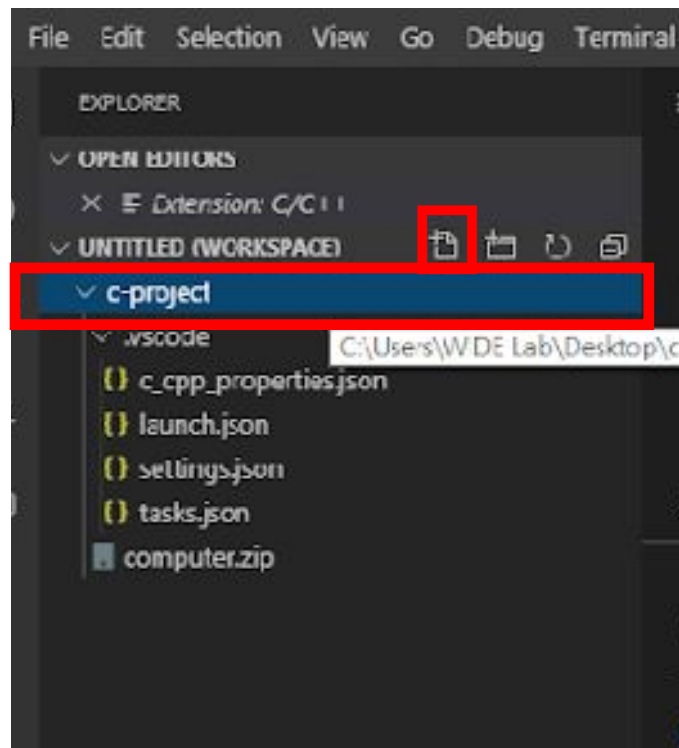

<https://drive.google.com/file/d/1t1bT1o1wH-n3ttORhuTHSqkBhvJ05GOB/view?usp=sharing>

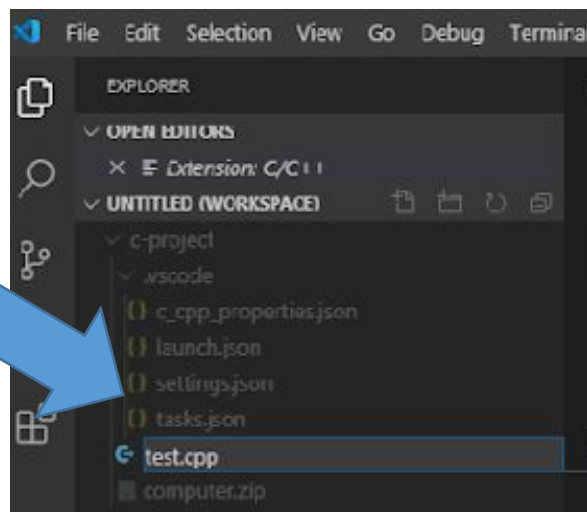

將c-project加入vscode

點選c-project創建新檔案，檔案名稱 test.cpp

程式碼

- #include <iostream>
- using namespace std;
- int main()
- {
 cout << "Hello World!!!\n";
- system("pause");
- return 0;
- }

複製上一頁程式碼
按下執行就可以看到結果

執行按鈕

The screenshot shows a C++ IDE with a file named `a.cpp` open. The code in the editor is as follows:

```
1 #include <iostream>
2 using namespace std;
3 int main()
4 {
5
6     cout << "Hello World!!!\n";
7     system("pause");
8     return 0;
9 }
```

In the top right corner of the IDE, there is a toolbar with several icons. The 'Run' button, which is a play icon, is highlighted with a red square.

Below the code editor is a terminal window. The terminal shows the command to compile and run the program:

```
PS C:\Users\user\Desktop\c-project> cd "c:\Users\user\Desktop\c-project\" ; if ($?) { clang++ a.cpp -o a.exe -Wall -g -Og -static-libgcc -fcolor-diagnostics --target=x86_64-w64-mingw -std=c++17 } ; if ($?) { .\a }
```

The output of the program is shown in the terminal:

```
Hello World!!!
```

The text 'Hello World!!!' is highlighted with a red square in the terminal output.

如果這邊看到 Hello World!!!代表你成功了

The image shows a Visual Studio Code (VS Code) editor window with a C++ file named `sum.cpp`. The code calculates the sum of integers from 1 to 100. The output of the program is displayed in the terminal window at the bottom, showing the result: "The sum of 1 to 100 is : 5050".

```
sum.cpp — vsc
```

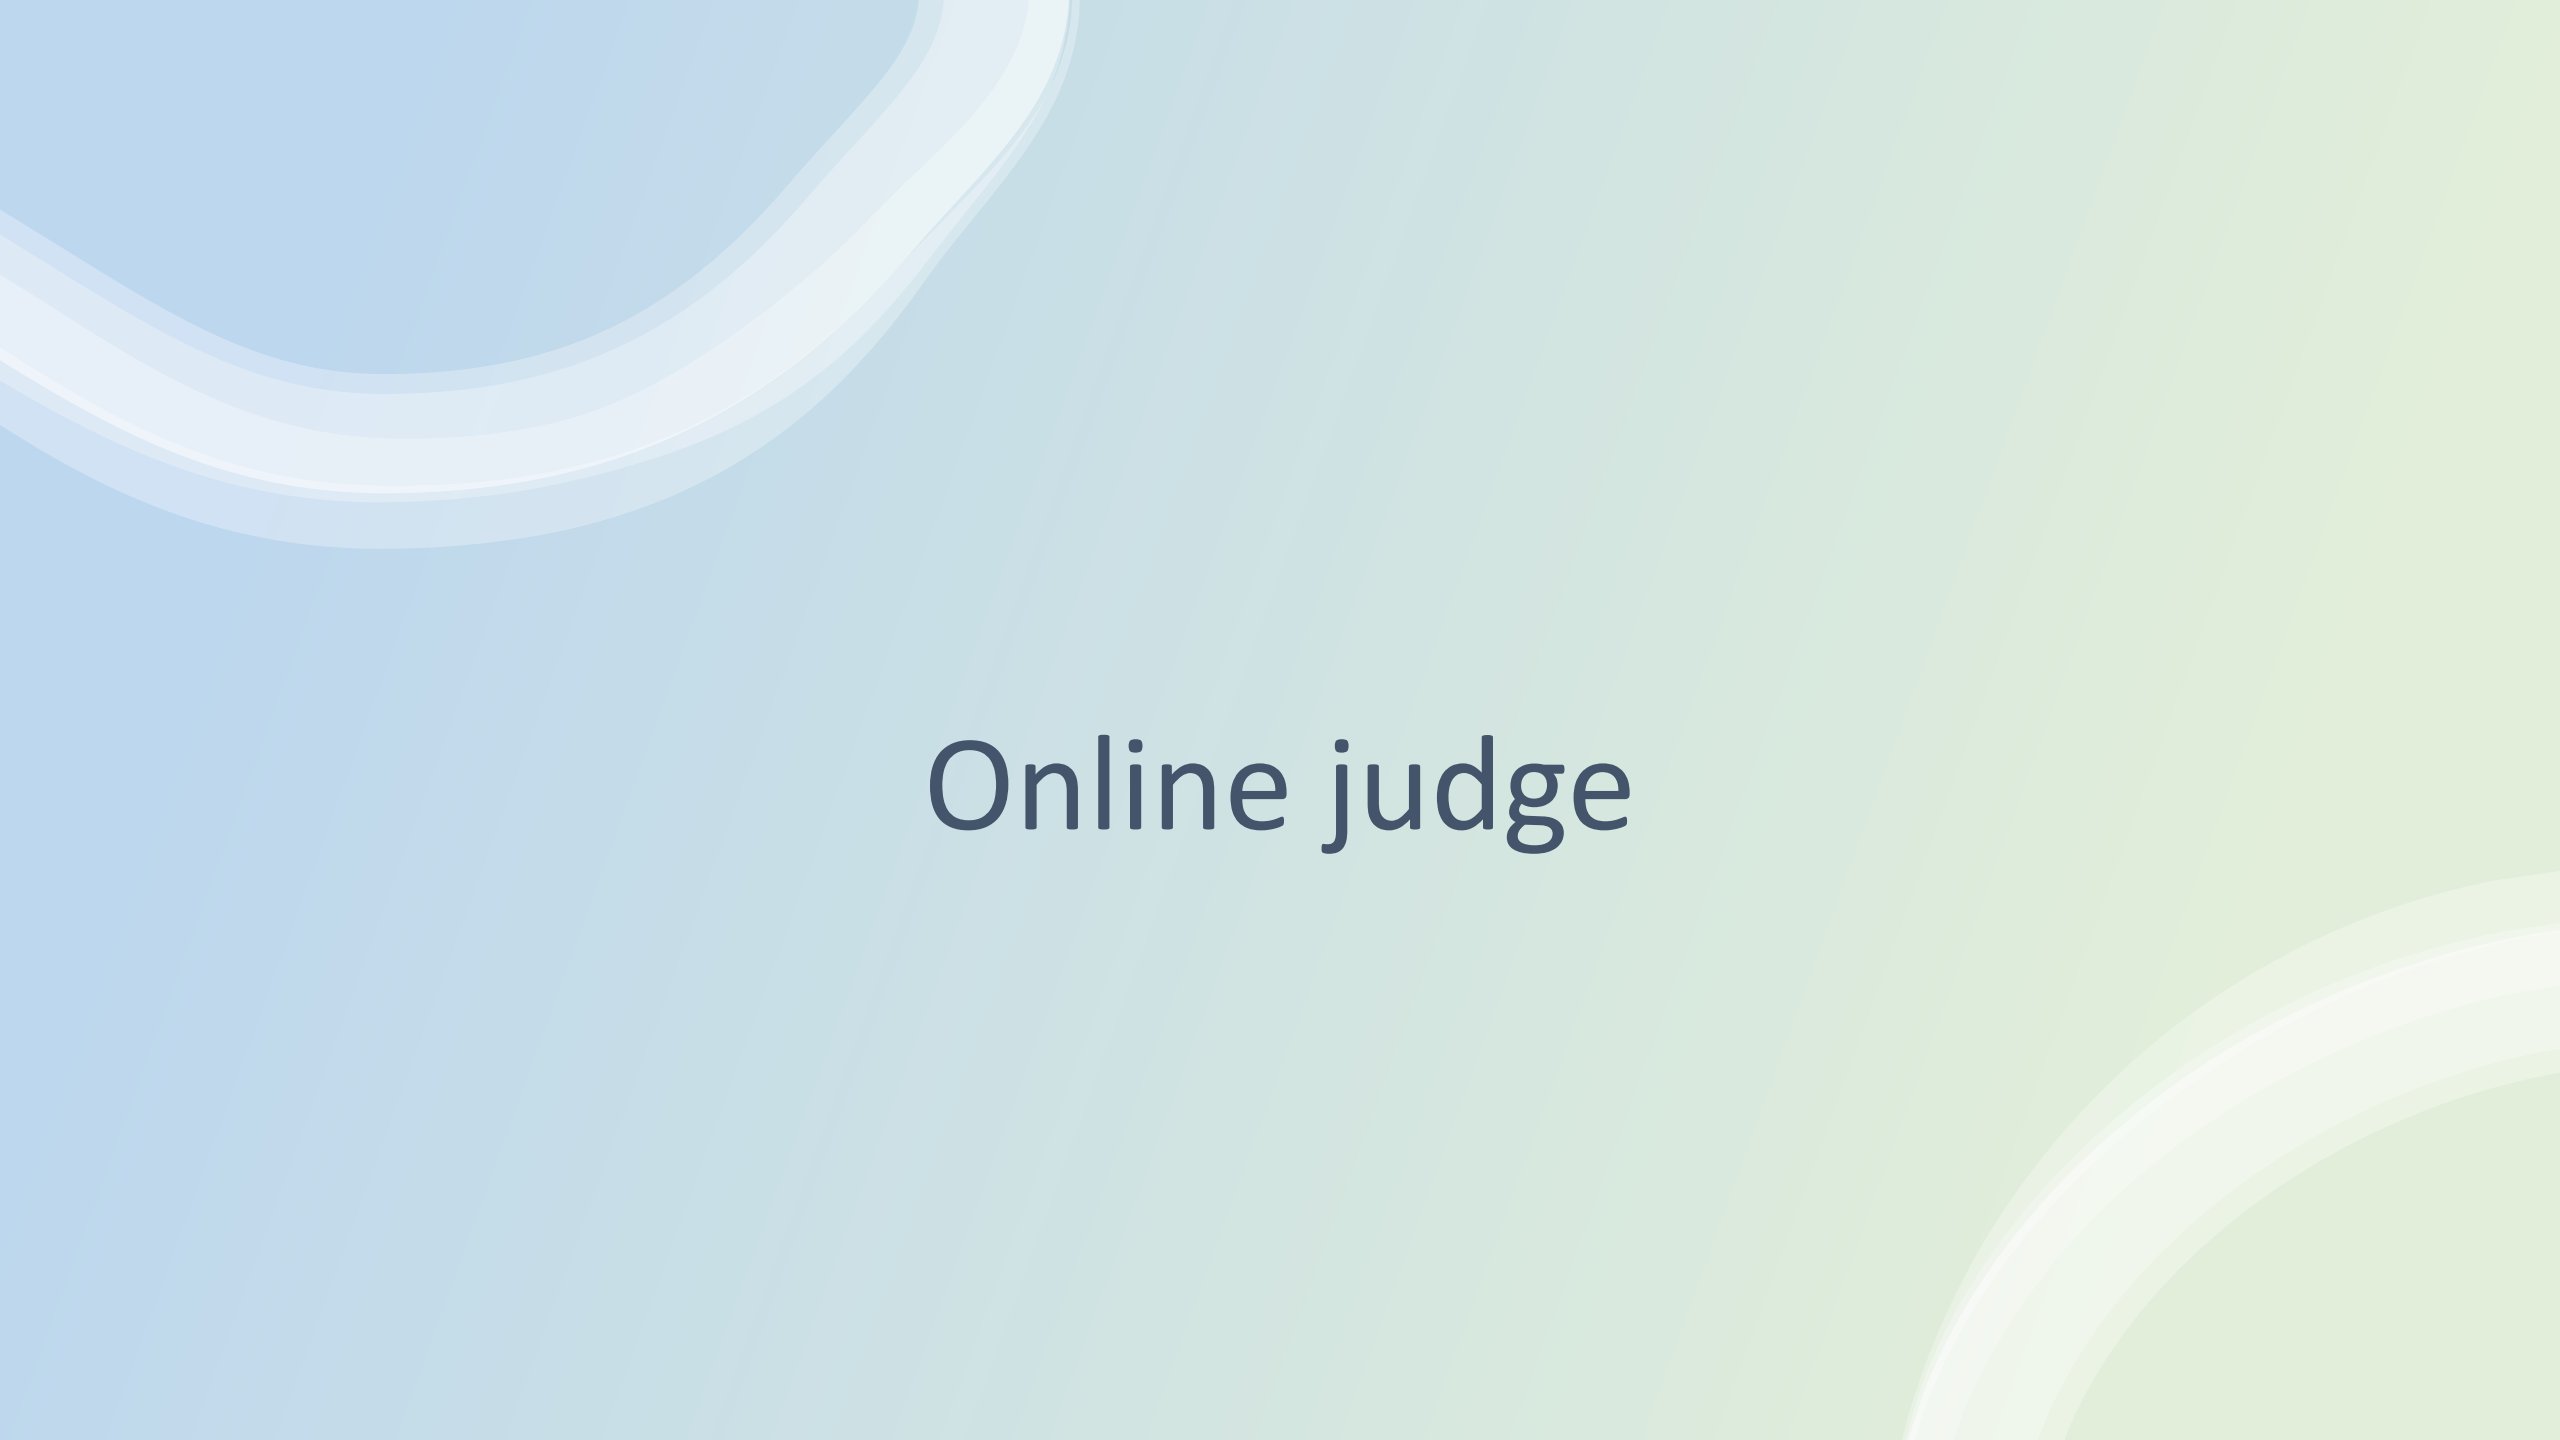

sum.cpp ×

```
sum.cpp > ...
1  #include <iostream>
2  using namespace std;
3  int main(){
4      int sum = 0;
5      for(int i=1;i<=100;i++){
6          sum += i;
7      }
8      cout << "The sum of 1 to 100 is : "<< sum << endl;
9      return 0 ;
10 }
```

csiede-iMac-2:vsc csie$ cd "/Users/csie/Desktop/vsc/" && g++ sum.cpp -o sum && "/Users/csie/Desktop/vsc/"sum
The sum of 1 to 100 is : 5050
csiede-iMac-2:vsc csie$
```

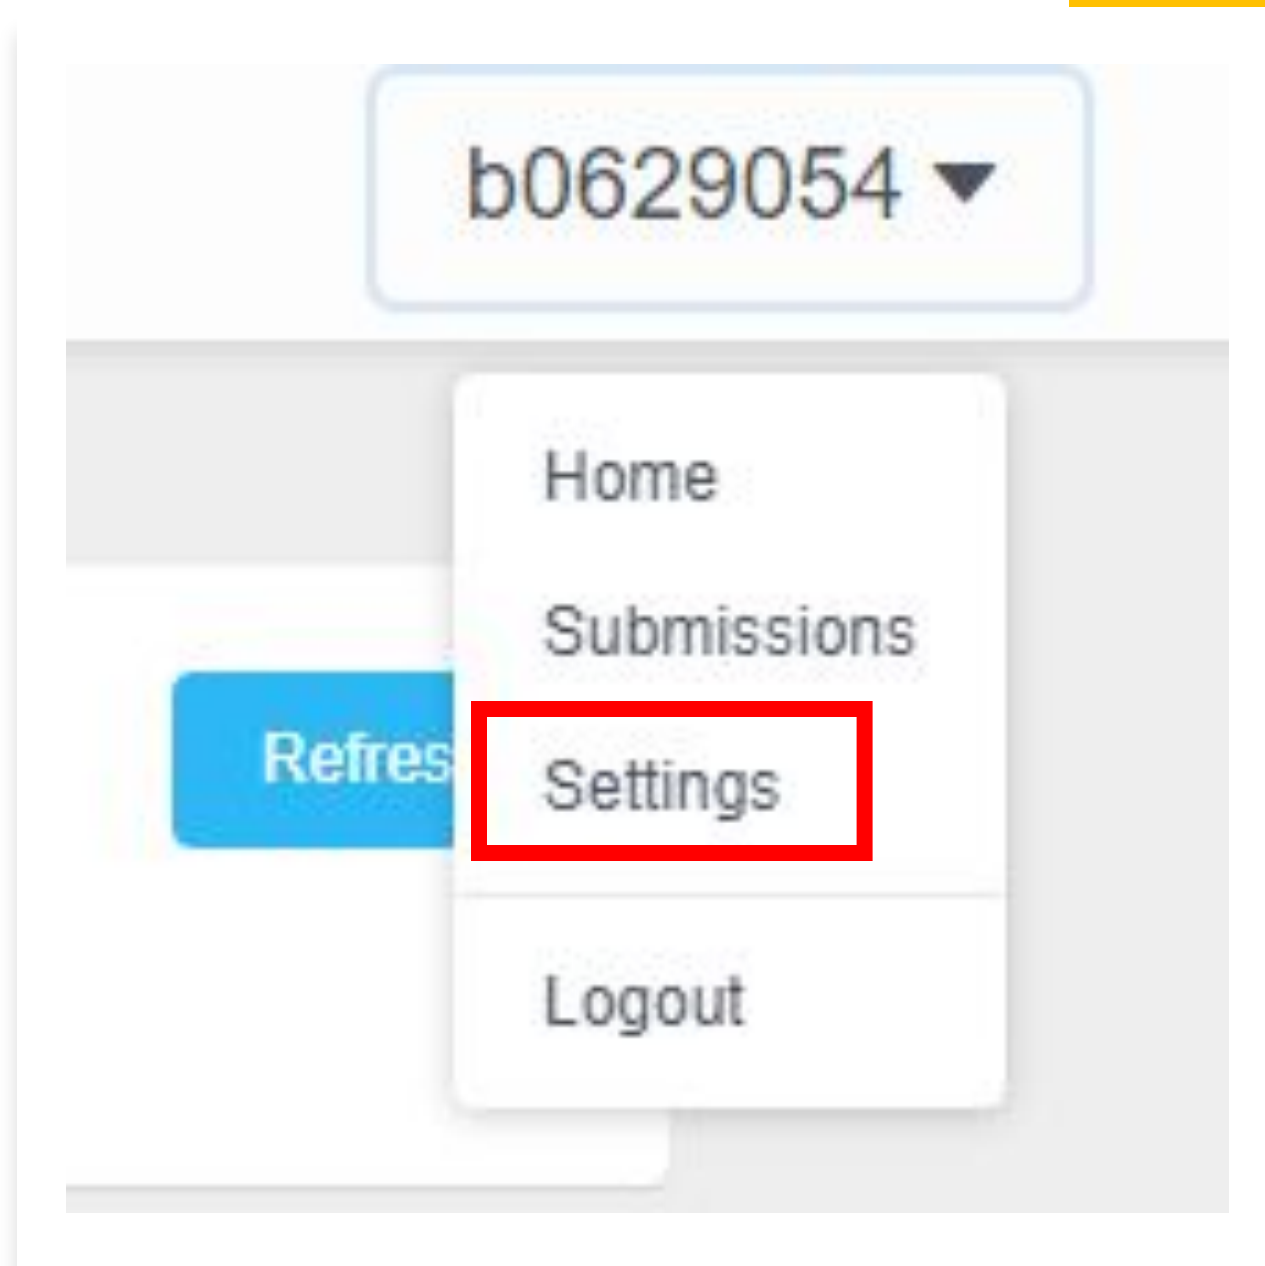

The background features a light blue gradient on the left and a light green gradient on the right. In the top-left corner, there are several overlapping, wavy, light blue shapes that curve downwards and to the right. In the bottom-right corner, there are several overlapping, wavy, light green shapes that curve upwards and to the left.
